

## **LIP BLUSH CONSENT & COLD SORE POLICY**

Business: ZEZE Beauty Art

Practitioner: Zahra Jalalifar

Location: Birmingham, UK

### **1. Cold Sore Disclosure**

Lip tattooing may trigger cold sores even without prior history.

Clients with a history of cold sores must consult their GP and may be advised to take antiviral medication (e.g. Acyclovir) starting 3 days before treatment and continuing up to 7 days after treatment.

### **2. Contraindications**

Treatment will not proceed with active cold sores, infection, or recent fillers.

### **3. Healing Disclaimer**

Swelling, peeling, uneven colour and fading during healing are normal.

### **4. Waiver**

No refunds once pigment is implanted. The practitioner is not liable for outbreaks or fading.
